- Aircraft

- Smoke
- Volcanic eruption

Losses due to flooding are not typically covered under most residential policies, so for complete protection, homeowners should consider purchasing a Florida Flood Insurance policy.

- Flood insurance is 100% guaranteed by the National Flood Insurance Program (NFIP).
- Our flood insurance policies are issued by a third-party insurance company authorized by the NFIP.
- Flood insurance requires a 30-day waiting period on most new policies.

**INSPECTIONS**

Our comprehensive home inspection is another part of our ‘Better Way’ advantage that helps policyholders save both time and money. Within 30 days of the purchase, a People’s Trust Field Risk Evaluator will complete a home inspection. If there is existing damage that could result in a future loss, we will bring it to the homeowner’s attention, which may require timely repairs to be made.

By inspecting the homes we plan to insure, People’s Trust can better assess risk while also preventing insurance fraud to ensure appropriate premiums. Additionally, by having high-quality repairs coordinated or performed by the Rapid Response team, we can make certain that the homes we insure continue to be good risks—even after a claim.
